**HIGHWAY PROGRAM SUMMARY  
ILLINOIS DEPARTMENT OF TRANSPORTATION  
DISTRICT 2, DIXON**

**Overview**

Highway District 2 encompasses 12 counties in northwestern Illinois and includes the cities of Rockford, Rock Island-Moline, Princeton, Geneseo, Rochelle, DeKalb, Dixon, Freeport, Spring Valley, Belvidere, Kewanee, Sandwich and Sterling-Rock Falls, plus many smaller communities which serve as satellites for the larger employment centers or as focal points of this farming area. The state highway system in District 2 consists of 2,073 miles of highways and 1,085 bridges, supporting 14.2 million vehicle miles of travel daily.

**State Program**

The program for state and local highways will average \$1.483 billion annually for the FY 2004-2008 period. Approximately \$485 million will be provided during FY 2004-2008 for improvements to state highways in District 2. The following table summarizes anticipated accomplishments on the state highway system in District 2 during this time frame.

**FY 2004-2008 Accomplishments**

Interstate Rehabilitation (miles)	3
Interstate Bridges (number)	24
Other Bridge Rehab/Replace (number)	55
Resurfacing/Widening (miles)	392
Major Highway Construction (miles)	10
Traffic/Safety Improvements (locations)	80

Major projects of interest that are tentatively scheduled during the FY 2004-2008 time frame include:

- **US 20 from Galena to Freeport.** Preliminary engineering is under way to prepare a location and design report and an environmental impact statement for improving the existing 50 miles to four lanes. A draft Environmental Impact Statement has been prepared and public hearings are anticipated later in 2003. Design approval will follow the public hearings. The ISTEA in 1991 provided \$2 million in federal demonstration funds for this study. In addition, the FY 1992 federal appropriation bill provided \$2.1 million in other demonstration funds.
  - **US 20 from Illinois 84 (NW) to southeast of Galena (Galena Bypass).** Engineering for location studies is under way within the Galena to Freeport corridor. Engineering for contract plans and land acquisition for the 6.5-mile bypass are programmed during FY 2004-2008 at a cost of \$6.5 million. Of this total, engineering for contract plans is programmed in FY 2004 at a cost of \$5 million. Additional engineering and construction are not currently funded.
  - **US 20 - Freeport Bypass.** Land acquisition, an interchange at Illinois 75 and additional lanes for 6.1 miles from east of Illinois 26 to west of Springfield Road east of Freeport are programmed during FY 2004-2008 at a cost of \$24.2 million. Of this

total, grading for the additional lanes, new bridge, interchange reconstruction, utility work and land acquisition are programmed in FY 2004 at a cost of \$15.6 million.

- **Illinois 2 from Madison Street in Oregon to Beltline Road south of Rockford.** Resurfacing, shoulder reconstruction and other related work on 21.4 miles are programmed during FY 2004-2008 at a cost of \$33.1 million. Of this total, archaeological survey, land acquisition and utility work in Oregon and resurfacing on 1.3 miles at Byron are programmed in FY 2004 at a cost of \$4.3 million.
- **Illinois 5 (Blackhawk Road) from 24<sup>th</sup> Street to 38<sup>th</sup> Street in Rock Island.** Construction of additional lanes for 1 mile and utility work are programmed during FY 2005-2008 at a cost of \$5.1 million.
- **Illinois 75 from US 20 northeast of Freeport to Illinois 70 south of Durand.** Resurfacing, shoulder reconstruction, bridge replacement and intersection improvements on 16.8 miles are programmed during FY 2004-2008 at a cost of \$21.3 million. Of this total, engineering for contract plans and land acquisition are programmed in FY 2004 at a cost of \$3.6 million.
- **Illinois 78 from Stockton to the north corporate limits of Mt. Carroll.** Widening and resurfacing, shoulder work and other related work on 19 miles are programmed during FY 2005-2008 at a cost of \$17.2 million.
- **Illinois 82 from US 6 to Interstate 80 south of Geneseo in Henry County.** Widening and resurfacing, a bi-directional turn lane and utility work on 0.7 mile are programmed in FY 2004 at a cost of \$2.9 million.
- **Illinois 173 at Interstate 90 (Northwest Tollway) in Loves Park.** Engineering for contract plans, utility work and construction of a new interchange are programmed during FY 2004-2008 at a cost of \$14.5 million. Of this total, engineering for contract plans is programmed in FY 2004 at a cost of \$1.3 million. This project requires local participation in the cost. TEA-21 provided more than \$5.6 million in High Priority Project funds for this work.
- **West Rock River Bridge (Milan Beltway Extension from Airport Road to 52<sup>nd</sup> Avenue Extension in Moline/Rock Island).** Construction of the new West Rock River Bridge is programmed in FY 2003 at a cost of \$21.5 million and is anticipated to be on a summer 2003 letting. Construction of connections to the streets on both sides of the river are programmed during FY 2004-2008 at a total cost of \$25.1 million.
  - **Illinois 5/Blackhawk Road (52<sup>nd</sup> Avenue Extension in Moline/Rock Island).** The extension of 52<sup>nd</sup> Avenue to provide a connection to the new bridge is programmed during FY 2005-2008 at a cost of \$11.1 million.
  - **Airport Road from east of Interstate 280 to east of the Milan Beltway.** Utility adjustment, new bridge and a new interchange at the Milan Beltway to provide a connection to the new bridge are programmed in FY 2004 at a cost of \$10.4 million.
  - **Milan Beltway from south of Airport Road to US 67.** Construction of additional lanes along this existing 2.1-mile section of the Milan Beltway is programmed in FY 2004 at a cost of \$3.6 million. The state is the lead agency on this local project and is being reimbursed by Rock Island County.
